WHAT EDUCATORS SAY

"Wow! What an engaging presentation given by Donna Galanti! She had the students' attention from early on. Her hands-on activity involving character, setting, and dialogue created a truly relevant experience. From glimpses of her early writings, revisions, rejections, and successes the students gained access to valuable perspective."

–Sandra Toti, 8th Grade Teacher, St. Ephrem School, Bensalem, PA

"Her multi-media presentation was excellent! The assembly was engaging and dynamic, and included student participation. She used humor to connect with the students while also sharing important life lessons. I would highly recommend Ms. Galanti for a school visit!"

–Kathy Witherspoon, M.S. Coordinator, Academy of the Holy Names, Albany, NY

"Our students were enthralled to participate in Donna Galanti's interactive presentation. Her connections between the writing and revision process were made clear in a spirited and playful manner that not only engaged students' personal trials in writing, but inspired them to continue to be creative and self-reflective. The students and teachers were still talking about her days after she left."

–Wayne C. Rush, Librarian, Grover Cleveland Middle School, Caldwell, NJ

"Her message stressed how hard work and perseverance are the path to success and that students' experiences, along with their uninhibited imaginations, are the stuff of great writers! Her vibrant personality and interactive presentation kept students engaged and inspired."

–Robin Bartley, Librarian, Davis Elementary, Southampton, PA
